

Our vision

To be the lead provider of digital healthcare in care homes.

Our mission

Our mission is to improve the lives of those living and working in care homes.

We meet everyday health and care needs for people living and working in care homes by connecting them to a team of specialists through our digital services 24/7, 365 days a year.

Our shared purpose

We support care homes through joined up digital solutions using creativity and forward thinking to connect them to healthcare specialists, in a responsive, achievable, practical and sustainable way.

We deliver great experiences through seamless digital solutions that meet the needs of those living and working in care homes.

We are an NHS and private sector collaboration that reinvests profits back into the NHS – together we deliver more.
